**IF YOU BUILD IT, THEY WILL COME:
Creating a Learning Organisation in
the NSW Parliamentary Library**

By Krista Meulengracht

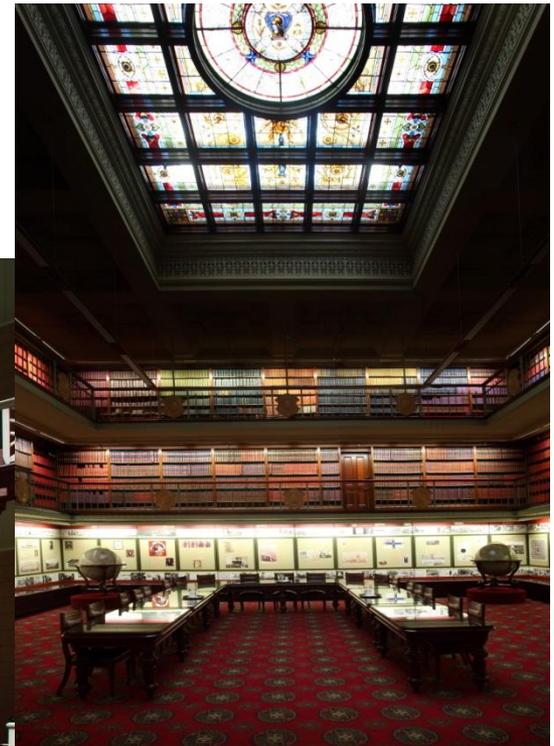

Department of Parliamentary Services

A VERY SPECIAL LIBRARY

NSW Parliament – Exterior

Jubilee Room
(former Parliamentary Library)

WHERE DO WE WANT TO BE? HOW WILL WE GET THERE?

Annette McNicol (Parliamentary Librarian) and Simon Chalmers (Director, Information Services)

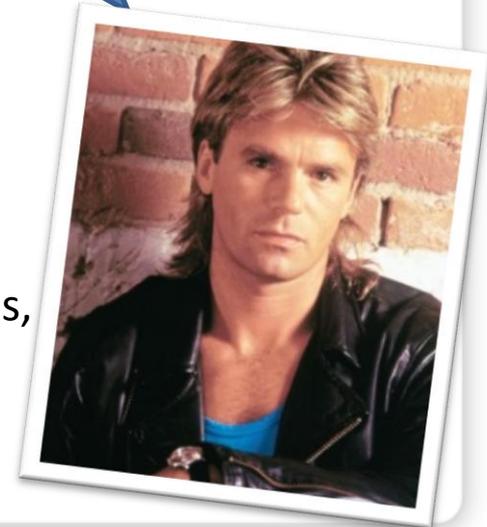

Initiatives

- Develop and implement a social media strategy.
- Redesign library intranet to enhance accessibility.
- **Build a learning organisation.**

Project Management

- Project: A temporary endeavour undertaken to create a unique product, service or result
- Project management: the application of knowledge, skills, tools, and techniques to project activities to meet the project requirements

THE 4 PHASES OF OUR PROJECT

PHASE 1: DEFINITION

PHASE 2: PLANNING

PHASE 3: IMPLEMENTATION

PHASE 4: REVIEW

PHASE 1: DEFINITION

Key activities:

1. Define what we meant by *Learning Organisation*
2. Create a project brief
What are we trying to achieve?
How are we going to achieve that?

PHASE 1: DEFINITION

1. What is a "learning organisation" *to us*?

"A learning organization is an organization skilled at creating, acquiring and transferring knowledge, and at modifying its behaviour to reflect new knowledge and insights" (Garvin, 1993).

PHASE 1: DEFINITION

2. Create a project brief

- **Purpose:** To build a culture of learning and knowledge sharing.
- **Goals:** Create the foundations of a system for knowledge dissemination and management.
- **Approach:** Hold targeted knowledge sharing sessions, develop knowledge base
- **Benefits:** Better day-to-day problem solving and increased innovation; better communication, completion rates, and staff morale. → Better service for Parliamentarians.
- **Team:** 2 librarians, 2 library technicians, 1 clerical

Project Brief	
Learning Organisation Project Round 1	
Background:	Background: The Department of Parliamentary Services (DPS) is a large, complex organisation with a wide range of services. The current system of knowledge sharing is fragmented and inefficient. The project aims to create a centralised system for knowledge sharing and management.
Objectives:	Objectives: To build a culture of learning, knowledge collection and knowledge sharing in the Library. To create a system of knowledge sharing and management that is accessible to all staff. To develop a knowledge base that can be used by all staff.
Scope:	Scope: The project will focus on the Library and the Department of Parliamentary Services. It will involve all staff and will be a cross-departmental effort.
Approach:	Approach: The project will be implemented through a series of knowledge sharing sessions, workshops and training. It will involve all staff and will be a cross-departmental effort.
Standard practice / Organisation:	Standard practice / Organisation: The project will be implemented through a series of knowledge sharing sessions, workshops and training. It will involve all staff and will be a cross-departmental effort.
Risks:	Risks: The project may face resistance from staff who are not used to sharing knowledge. There may be a lack of resources and staff may not have the time to participate.
Team Roles and Format:	Team Roles and Format: The project will be led by a project manager and will involve all staff. The format will be a series of knowledge sharing sessions, workshops and training.
Project stages:	Project stages: The project will be implemented through a series of knowledge sharing sessions, workshops and training. It will involve all staff and will be a cross-departmental effort.

PHASE 2: PLANNING

Key activities:

1. Develop project schedule / Gantt chart
2. Create, run and analyse surveys
3. Hold presentation skills training
4. Develop training curriculum
5. Set up knowledge capture system

PHASE 2: PLANNING

PHASE 4: REVIEW

2. Review and document project and recommendations

PURPOSE OF THIS PROJECT REVIEW

This Project Review has been prepared by the Developing a Learning Organisation project team in order to:

- Evaluate whether project objectives were met
- Highlight achievements and impacts the project had
- Determine how effectively the project was run
- Contribute to a continuous improvement framework in the planning and delivery of all future rounds of this and other Library projects

PHASE 4: REVIEW

3. Celebrate achievements:

- Improved knowledge sharing.
- Increased knowledge acquisition.
- Greater knowledge capture.
- Enhanced core capabilities.

CONCLUSION/WAY FORWARD

1. Think about what "creating a learning organisation" means for ***your*** library.
2. Use project management to help you get there.

(Who knows where you'll end up!)
